

“Old Fashioned” - written and performed by Chad Price

Some of us want it all,
Selling our souls and made hollow,
We're never satisfied,
We never lead we just follow,
Well I don't believe in that,
Call me old fashioned,

Spend a little time with me,
I want to know how your day went,
You'll say I move way too fast and that we're not even facebook friends yet,
Tell me what's wrong with that?,
I guess I'm old fashioned,

I have become my father's father overnight it seems,
I cannot explain the ways of generations after me,
Am I out of touch?,
Don't need fake love,
Give me reality,
Love yourself but don't lose yourself,

Where do you get your worth?,
Has he ever brought you roses?,
Are you just chasing likes with bathroom mirrors and all those poses?,
Cuz you're worth more than that,
I guess I'm old fashioned,

Put the phone away,
Survey the constellations,
Escape the world we made of instant gratification,
Cuz I want more than that,
Call me old fashioned,

I have become my father's father overnight it seems,
I cannot explain the ways of generations after me,
Am I out of touch?,
Don't need fake love,
Give me reality,
Love yourself but don't lose yourself,
Love yourself but don't lose,
Love yourself but don't lose yourself,
